**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I hope I can have as many Internet competitive providers as possible because it will pull the price down so more people can have Internet service.

I also still have the land line phone service because I can make an international call very cheap these days. That is because the competitive telephone service too.

Competitive service is good for everything and anything, more choices are always better than one choice. For this goal, I choose a competitive provider.

Thank you very much
